

Please replace the paragraph beginning at page 22, line 19 with the following rewritten paragraph:

5.2 As shown in Fig. 32, develop the mandrel pattern in "Developer"™ 341 while stirring with a stirrer 342 and at 20-50°C, preferably 26°C until the aperture pattern is just visible; note the time taken and continue the immersinio for the same period.

In the claims:

Please amend claim 1 as follows:

--1. (Twice Amended) A shaving cutter comprising a skin-engaging surface having both a convex elliptic region and a hyperbolic region.--

Please add the following claim 57:

--57. (New) A shaving cutter according to claim 1 wherein said cutter has both the convex elliptic region and the hyperbolic region when in a stress-free state.--

In the drawings:

Please substitute the attached sheets of drawings containing modified Figs. 3, 11, 12, 18, 27, and 32 for the corresponding sheets of drawings presenting those figures as originally filed.
